## *Our Programs*

AppleBerries Early Education Service Kallangur offers a renewed approach to education that works at catering for the emotional, physical, cognitive and spiritual needs of each child in their care.

We encourage positive friendships with one another through tolerance and understanding.

The program at AppleBerries Early Education Service Kallangur is guided by the Early Years Learning Framework and the Queensland Kindergarten guidelines. It identifies five Early Years Learning and Development Outcomes for all children:

## Childcare Subsidy

To make Child Care Subsidy (CCS) claims and view the status of your claims, families can go to [my.gov.au](https://my.gov.au) and sign in to access their Centrelink online account. If you do not have a myGov account, you can create one and link it to your Centrelink online account.

Your CCS will be paid from the date of **approval** with Centrelink. If your child attends before your CCS is approved you may be required to pay full fees as CCS will not be backdated by Centrelink. If for any reason you are not eligible for CCS payments, you will be charged full fees for days that your child attends.

In order to receive CCS, **parents must sign every child in and out EVERYDAY** they attend the Centre.

To receive CCS for a child's absence, a record must be made of the reason for the absence. Upon your child's return to the centre please confirm and accept the electronic absence on the Kiosk and provide your medical certificate to the Service Manager if applicable.

# Join Us On Storypark

Our Educators and Teachers use the Early Years Learning Framework and the Queensland Kindergarten Learning Guidelines to make informed curriculum decisions to support your child's emerging interests, ideas and development.

Our learning programs aim to empower your child to express ideas and make choices about their learning. Your child's learning journey is recorded and shared, with you, via storypark.

We encourage you to use the platform to reflect on and contribute to your child's learning. You will be invited to access your child's online learning profile. Once you have accepted the invitation, you will be able to invite any family or friends to join the community.
